

Use of personal information in compliance with COPPA (Children's Online Privacy Protection Act)

In order for Uplifting Education to be able to provide your student with the most effective web-based tools and applications for learning, we need to abide by federal regulations that require a parental signature as outlined below.

Uplifting Education utilizes several computer software applications and web-based services, operated not by Uplifting Education, but by third parties. These include Compass Learning Odyssey, Renzulli Learning System, Schoology Learning Management System, World and I, BrainPop, SAS Curriculum Pathways, Bright Storm, AAAS Science NetLinks, Kahn Academy, TCI, Middlebury, Edmentum, Music Learning Community, Typing Web, and similar educational programs.

In order for our students to use these programs and services, certain personal identifying information, generally the student's name and email address must be provided to the web site operator. Under federal law, these websites must provide parental notification and obtain parental consent before collecting personal information from children under the age of 13.

The law permits organizations such as Uplifting Education to consent to the collection of personal information on behalf of all of its students, thereby eliminating the need for individual parental consent given directly to the web site operator.

Submitting this registration form and the enrollment payment will constitute consent for Uplifting Education to provide personal identifying information for your child including first name, last name, email address, grade level, gender, age, state of residence, online contact information, and username to the following web-operators: Compass Learning Odyssey, Renzulli Learning System, Schoology Learning Management System, World and I, BrainPop, SAS Curriculum Pathways, Bright Storm, AAAS Science NetLinks, Infinite Learning Labs, Kahn Academy, Duolingo, Mango Languages, Music Learning Community, Typing Web, TCI, Middlebury, Edmentum, and to the operators of any additional web-based educational programs and services which Uplifting Education may add during the upcoming academic year. See the links below for more specific privacy policies.
